An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with John Mattingly on June 11, 2007.

Enter the following amendment to the claims:

Cancel claims 12-16.

Allowable Subject Matter

The following is a statement of reasons for the indication of allowable subject matter:

Regarding claims 17-22:

The primary reason for the allowance of claim 17 is the inclusion of "the third conductor is not electrically connected with any part." It is this feature found in the claim, as it is claimed in the combination that has not been found, taught or suggested by the prior art of record, which makes this claim allowable over the prior art.

Claims 18-22 are allowed due to their dependency on claim 17.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
